To whom it concerns,

I am writing wholeheartedly to endorse Sarah Vansandt, a former intern with Atomic Films. Sarah has been a huge asset to our team and she personifies a professionalism that is admirable. She has proven to be a well rounded and talented individual. Sarah is always eager to learn new tasks in the realm of video production and will go above and beyond to help with any task handed to her. Her desire to continually expand her abilities and knowledge is a true indication of her personality. She has become a go to person to call when needing assistance on any type of video production project, whether it be shooting, carrying equipment, audio operation or production assistant work.

While I can endorse in her professionalism, I also can confirm her talent for film making. When given the task of visiting many of the Chattanooga tourism locations to obtain photos and video of people enjoying our city attractions she always went the extra mile to obtain more than what was expected. I credit her impressiveness to her ability to pay attention to detail and her sheer passion for filmmaking and storytelling.

To conclude, I would like to restate my strong recommendation for Sarah Vansandt. If you have any further questions regarding Sarah's ability or this recommendation, please do not hesitate to contact me using the information on this letterhead.

Sincerely,

*Dave Lang*
